# HBS

## 5100-187C Type I & II Outstanding Abrasion-resistant Fire Hose for Forestry/Wildland Applications

Engineered specifically for forestry firefighting, this hose balances strength and lightweight handling to excel in rugged outdoor environments. Its color-treated design enhances durability and resists mildew, while a polyurethane lining ensures efficient water delivery—all backed by rigorous industry certifications for reliability.

- **OUTER JACKET**
  Polyester
- **LINER**
  TPU
- **TEMPERATURE RANGE**
  -40°F to 158°F(-40°C to 70°C)
- **STANDARD LENGTH**
  up to 100'
- **STANDARD COLOR**
  uncoated

## FEATURES

- Manufactured according to USDA5100-187C Type I and Type II
- Meet or exceeds NFPA1961 latest edition
- Color-treated jacket for enhanced abrasion resistance
- Smooth TPU liner for low friction loss
- Coupled with brass GHT garden hose couplings
- Heat-resistant for post-fire mop-up tasks
